Plug it in. Enjoy!

Press the button to increment
all LED intensities by 20%.
(Only applies to Vega lights that are not
currently associated with a controller.)

Press and hold the button for 3 seconds
to start demo mode.
Press and hold to end.

Press and hold the button for
7 seconds to reset the Vega to it's
factory default settings.

Maintenance

Do not lay objects on top of the Vega, controller or power supply.

Inspect the Vega regularly.

Unplug the Vega when cleaning to prevent any shock hazards.

Wipe Vega with damp cloth once a week. DO NOT use ammonia-based cleaners. Avoid the power plug area. A can of compressed air may be used to blow dust out of the heat sink.

Do not allow liquids to pool on top of or inside the Vega. The Vega is not waterproof. Do not submerge in water, saltwater, or other solutions.
